Pursuant to Local Rules 6-2, 7-12, 16-2(d)-(e), Plaintiff Watershed Enforcers and 1 Defendant Verco Manufacturing, Inc. hereby notify the Court that the parties have reached a 2 settlement agreement that will fully resolve this litigation. A true and correct copy of the 3 executed settlement agreement is attached as Exhibit A to the Declaration of Michael R. 4 Lozeau, filed contemporaneously with this Notice and Stipulated Request. Plaintiff has 5 forwarded the settlement agreement to the United States Environmental Protection Agency 6 and the United States Department of Justice to begin a 45-day review period by those 7 agencies prescribed by Section 505(c)(3) of the Federal Water Pollution Control Act, 33 8 U.S.C. § 1365(c)(3). Lozeau Dec., ¶ 3; Id, Exhibit B. At the completion of that 45-day agency review period, the parties will file a stipulated request for dismissal requesting the 10 Court to maintain jurisdiction to enforce the terms of the settlement agreement. Id., ¶ 4 & 11 Exhibit A, \P 2. 12 In light of the parties' entering into the settlement agreement and the need to allow the 13 federal agencies 45 days to review the agreement, the parties further request that the Court 14 accept this notice of settlement in lieu of the formal joint case management statement and 15 16 Rule 26(f) Report required pursuant to the Court's case management order dated April 20, 2006. 17 The parties further request that, in light of the settlement agreement and the 45-day 18 agency review period, the Court extend the initial case management conference currently 19 scheduled for July 21, 2006 for a period of about 70-days, until October 6, 2006, by which 20 date the parties will have filed their stipulated request for dismissal which very likely will 21 obviate the need for preparing either a case management order or Rule 26(f) Report.
